

MD. SHIHAB HASSAN NAIM

AI & Software Engineer

☎ +880 188 969 1414 ✉ shihab.hassan.51.cse@gmail.com 🌐 github.com/ShihabHassanNaim
🌐 linkedin.com/in/shihabhassannaim

Summary

Junior AI & Software Engineer with hands-on experience in machine learning, AI agents, and automation systems. Built real-world AI applications including RAG pipelines, conversational systems, and workflow automation using Python. Strong interest in scalable software systems, automation workflows, and modern web technologies with 300+ solved problems on Codeforces.

Skills

Programming: Python, SQL, JavaScript (basic)

Software Engineering: Object-Oriented Programming (OOP), REST APIs, Problem Solving

Machine Learning: Supervised Learning, Model Evaluation, Feature Engineering

Deep Learning: Neural Networks, Transformers

AI Systems: AI Agents, Prompt Engineering, Retrieval-Augmented Generation (RAG)

Frameworks & Libraries: TensorFlow, PyTorch, Hugging Face, LangChain

Web Technologies: HTML, CSS, Bootstrap, Tailwind (basic)

Tools: Git, GitHub, Google Colab

Projects

- **AI Agent for Club Automation**

- Developed AI agent to automate communication using Google Sheets and email workflows
- Generated personalized responses using LLM prompt engineering
- Built automated workflow for task execution and data handling

- **Verified RAG System**

- Designed and implemented hybrid RAG pipeline using BM25 and dense retrieval
- Generated context-aware responses using LLM grounded on retrieved information
- Applied retrieval-based generation to improve response accuracy
- **GitHub:** github.com/ShihabHassanNaim/SNS-Zone-Rag-Based-Agent

- **LLaMA-Based University Chatbot**

- Fine-tuned LLaMA-2-7B on domain-specific FAQ dataset

Experience

- **Research Intern**

March 2026 – Present

Peer Research Lab

- Worked on machine learning and AI-based software projects
- Assisting in model development, experimentation, and evaluation
- Analyzing model performance and improving results through iterative testing

Achievements

- Published 7 research papers in AI/ML (IEEE, Springer, Taylor & Francis)
- Solved 300+ problems on Codeforces
- Champion – Programming Contest , Hackathon (Fall Fest 2024, DIU)

Education

- **B.Sc. Computer Science & Engineering**

2022 – Present

Dhaka International University
